

Jim Page Trio

Inspired by a whimsical pairing of talents at Seattle's world famous Moisture Festival this musical melding quickly grew legs. Three stage performances at the Oregon Country Fair, followed by an intensive recording session in New York City in November, to become a hard release shortly thereafter - excitement is high all around. Jim Page is internationally recognized as a songwriter and performer, Jessica Lurie as a major force in the improvisational jazz/composition world, and Mark Ettinger is a fully realized multi instrumentalist and producer. The sum is very much greater than the parts.

"Fantastic... great connection with these musicians. I double the 'Yow!' from the audience." Bonnie Raitt
